ONE HUNDRED YEARS AGO.

A RIOT IN WESTMINSTER.

His Royal Highness, the Prince of Wales, Regent of the United Kingdom of Great Britain and Ireland, in the name and on behalf of His Majesty, GEORGE, P. R., does hereby issue the following PROCLAMATION in regard to the riot and tumult held in Westminster on Wednesday, Thursday and Friday of the week of the 5th of March:

"Whereas, A great number of disorderly persons have, during those three days, publicly assembled themselves together in riotous and tumultuous manner and have been guilty of many violent and criminal acts and proceedings, having attacked the houses of many of His Majesty's loyal subjects in several parts of the city of Westminster and county of Middlesex, and especially in the evening and during the nights of the aforesaid three days, We, therefore, taking the same into Our most anxious consideration, and being fully determined on Our part to use all means in Our power to protect the lives and properties of His Majesty's loyal subjects, to preserve the public peace and to bring to condign punishment the authors of such violence, have thought fit, in the name and on behalf of His Majesty's Privy Council, by strictly enforcing the laws, and to command all His Majesty's loyal subjects to give their assistance in discouraging and suppressing all such criminal acts and proceedings, and to give all information to the magistrates, by which the disturbers of the peace and His Majesty's peace, may be brought to punishment; and we do hereby enjoin and require all justices of the peace, sheriffs, mayors, bailiffs, constables and all other of His Majesty's loving subjects, to be aiding and assisting to the utmost of their power, in suppressing such criminal acts and proceedings, and in deterring, apprehending and bringing to justice the persons concerned in the same and for the better detection of any person or persons who were or may be concerned therein, so that the person or persons discovered may be prosecuted for the same, such discoverer shall have and receive as a reward upon conviction of such offender or offenders, the sum of ONE HUNDRED POUNDS (£100) (ONE HUNDRED DOLLARS), and also His Majesty's pardon for the said offence, in case the person making such discovery shall himself be liable to be prosecuted for the same."

Given at the Court at Carlton House, this 9th day of March, 1915, in the 55th year of His Majesty's reign, etc.

RICHMOND ITEMS.

Washington, April 11, 1865. The Richmond Whip, of Monday, is received. "It says whatever may be the fate of the Constitutional Amendment it is certain slavery in Virginia is dead. A National Bank of the United States is to be immediately established in Richmond, whose shares in United States stocks, will be sold at the rate established in northern states."

The aggregate value of property destroyed in Richmond, foots up \$2,164,240. Surprising as these figures appear, they are far short of the truth, for the reason already stated that real estate was before the war invariably assessed much below the value which it would have commanded in the market. Our list covers no more than the value of the brick and mortar.

All the hospitals in Richmond have been taken possession of by the military authorities and used for the ease and comfort equally of the Federal and Confederate sick and wounded. A number of Confederate surgeons left in the city, have been paroled to attend to the Confederate sick and wounded.

The churches of all denominations whose pastors remained in the city, were open yesterday. Services were conducted in them as usual, and in presence of large congregations, a good proportion being officers and privates of the Union army. In the Episcopal churches the regular form of service was observed with the single exception in preference for the recitation of the Lord's Prayer in the old form of the Confederate states as inserted in the liturgy which was made instead "for all in authority." As the United States is a power in authority, prayer for the President of the United States was, of course, implied if not said.

TWENTY YEARS AGO.

ANTI-TOXINE USED.

A nine year old daughter of Joseph Michael of 28 Reilly street, was treated by Dr. Clemens with anti-toxine yesterday for diphtheria and scarlet fever, and today is considered out of danger. Anti-toxine is being used all over the world and has in every case so far proved satisfactory.

William Taylor, aged 34, of 319 Fembroke street, while riding on a bicycle on Stratford avenue this forenoon, collided with a team and was thrown against the curb, bruising his face and opening a big gash in his head.

THE PRESIDENT'S INCOME.

Washington, April 12, 1896—President Cleveland has filed out his income tax blank. In it he includes his salary of \$20,000, on which the tax will be \$280.

OIL GOES UP.

There was a rise yesterday of one cent a gallon in the wholesale market and the price today is 9 1-2 cts against 8 1-2 two days ago. That means that the retail price will be from 10 to 15 cents a gallon, according to the notion of a retail dealer, but the average price will be 12 cents. The prospects are that the price will advance before it comes down any. Meat is also going up in the west.

BIG TAG PLANT IS TURNED OVER TO ITS WORKERS

Dennison Co. Transfers Concern To Employees in Profit-Sharing Plan.

Boston, April 12.—The most radical profit-sharing plan ever undertaken by a big corporation has been put into effect by the Dennison Manufacturing Co.

This great \$5,000,000 corporation, with offices on Franklin street, and factories at South Framingham, has been turned over to its 2,400 employees, who will have full control of the concern. Only the eight per cent. preferred stock, with more or less fixed income, is retained by the original owners, who will have no voice in the affairs of the company. Not even the distribution of profits by the Ford Automobile Co. equals the Dennison move in the surrender of business control to employees.

Every employee of the company is to share in the profits. Each employee receiving more than \$1,200 a year will be given common stock, with voting privileges.

Only in event of the depreciation of the preferred stock dividends to below four per cent. for a full year, or to below six per cent. for a full two years, may the stockholders again have management of the company, and then only until the interest on their stock shall have been paid.

P. T. Barnum Estate Transfers Land To Stephen D. Horan

Through deeds filed in the town clerk's office the Connecticut Safe & Deposit Co., trustee of the estate of the late P. T. Barnum, has transferred to Stephen D. Horan four parcels of land situated in Railroad and Bedford avenues in the West end near Mr. Horan's hot houses. The land is part of the old Sherwood driving park and has been used of late years for the show grounds for the circus. The other parts of the land have been cut into building lots and many of the so-called "three decker" houses have been erected there. The circus must find another show ground this year as the purchase price is not mentioned in the papers. Mr. Horan intends to use the lots in extending his floral business.

Martin J. Plunkett Scores Commission Plan of Government

That under commission form of government the commissioners do everything they can to perpetuate themselves in office and build up a powerful machine that the workmen cannot break down, was the charge made by Martin J. Plunkett of Wallingford last night at an open meeting of the Socialist party in their hall in Main street last night. Mr. Plunkett said that what is needed in Bridgeport is not commission form of government but home rule. He said no city in the nation needed home rule more than does Bridgeport. He quoted the chamberlain of New York, college professors and specialists in municipal affairs to show that there is no moral uplift through commission government but that vice, the saloon, the shabby street and the squalid tenement existed under commission form the same as under other forms. He said in some cities the commissioners had recognized vice as a necessary evil and had encouraged it by segregating it. He declared the number of persons who applied for relief in Memphis, Tenn., had increased three fold under the new form of government.
